

36

Katooosh is celebrating birthday year 36  
My love, adoration and respect for her is one big mix

Although she goes to a shrink there is nothing to fix  
Because she is beautiful on the inside and not one of the freaks

And the garage door she opens by garage opener clicks  
Good thing the door is not made out of bricks

On the outside she is beautiful, much more than all of the chicks  
I wish I could have a nude mag full of her pix

I wish I could give her a birthday full of licks  
But I know she would go "eicks, eicks, eicks"

For her birthday I could have gotten her to see the Knicks  
But I know she is not interested in those tix

For the next ten years (thankfully) I won't have to worry about "ix"  
But my love for Katooosh is infinite to the power of 106

LOVE,
